

UC San Diego Residential Life Community Standards September 29, 2023

Introduction

At UC San Diego, living on campus is an integral part of your education and growth as a student. As a result of your community living experience, we hope you will develop a concern and respect for others; make responsible choices and decisions; share your academic, social, and cultural experience with other students; and learn to live peacefully in close quarters with a diverse group of people.

Students living in a group environment affect each other's lives in many ways. We strongly believe that one's actions demonstrate commitment to respecting differences. In addition, we will not accept ignorance, humor, anger, alcohol or substance abuse as an excuse, reason, or rationale for behavior. Certain shared responsibilities such as cooperation, inclusion, and respect are integral to successful group living. It also means accepting personal responsibility for how your everyday actions affect your roommates and neighbors.

Establishing a positive and supportive residential environment means everyone in the community must make occasional adjustments in personal habits, attitudes, and beliefs. Successful on-campus living means exercising your rights while recognizing your responsibilities in respecting the equally legitimate rights of the other members in your community.

In support of a positive and supportive residential environment, we strive to ensure that your health and well-being are our top priorities. We are here to provide any necessary support and resources to aid in your student living and success.

Community Standards

In accordance with the [University of California San Diego Housing Contract and UC San Diego Graduate and Family Housing Agreement](#), every UC San Diego student who lives in or enters our residential communities must comply with the Community Standards and regulations of UC San Diego, including, but not limited to, the [UC San Diego Student Conduct Procedures](#), the [UC San Diego ResNet Acceptable Use Policy](#), all applicable local, state, and federal laws, and the Residential Life Community Standards contained herein.

This document describes residential-area specific standards and is incorporated into the Standards of Conduct within the UC San Diego *Student Conduct Procedures*. Violations of the Community Standards described below may be referred to the University's student conduct process. Conduct that also violates federal, state, or local laws may also be referred to applicable civil or criminal court processes.

These Community Standards are in place to establish a safe and secure living environment and support your success as a UC San Diego student. Any student who anticipates or observes a potential violation of these Community Standards is expected to immediately remove themselves from the

environment of the violation. One's presence during any violation of these Community Standards condones, supports, and/or encourages the behavior or potential violations.

Additionally, breach of any term/provision of the Housing Contract may result in contract cancellation prior to move-in, termination of the contract after move-in, or exclusion from future UC San Diego student housing application processes.

1. Alcoholic Beverages:

Section 102.18 of the University of California [Policy on Student Conduct and Discipline](#) describes the University's Standards of Conduct for Alcoholic Beverages, as applied to students. The UC San Diego Alcohol Policy describes campus specific alcohol beverage policies and defines the term Alcoholic Beverages. Consistent with Section 102.18 and the Alcohol Policy, the Community Standards below describe the applicable requirements for possession, use, consumption, distribution, and manufacturing of Alcoholic Beverages in campus residential areas.

a. Alcoholic Beverage delivery

Delivery of Alcoholic Beverages is only permitted for residents and additional occupants living in Graduate and Family Housing who are age 21 and over. In Single Undergraduate Housing, regardless of age, Alcoholic Beverage delivery from any source is prohibited.

b. Alcoholic beverage paraphernalia

Devices and games intended for the rapid consumption of Alcoholic Beverages (e.g., beer bong, beer pong, commercial dispensers, funnels) are prohibited whether or not Alcoholic Beverages are present. The presence of any open, full, or empty alcohol containers will be interpreted as possession of Alcoholic Beverages.

c. Bulk Alcoholic Beverages

Possession of bulk quantities of Alcoholic Beverages, consisting of amounts for storage or use that is excessive under the circumstances for personal use, is prohibited. Kegs, punch bowls, cases of beer, and other beverages with an equivalent amount of alcoholic content in any form of container are prohibited.

No Alcoholic Beverages stronger than 50% alcohol by volume is permitted. Limits apply to full, partially full, or empty Alcoholic Beverage containers.

d. Gatherings

Social gatherings, where Alcoholic Beverages are present, are allowed based on the specific space and location. Attendees of any gathering must show proof of age with government issued identification upon request.

Social gatherings in undergraduate residential spaces, where Alcoholic Beverages are present, are allowed only when all guest(s) and/or additional occupant(s) are 21 years or older and attendance at the gathering does not exceed two (2) guest(s) and/or additional occupant(s) per resident of the room/apartment. Hosting of multiple room gatherings with consumption of Alcoholic Beverages and where people move from one room to another is prohibited. This standard applies even if all rooms involved are within allowable guest(s) and/or additional occupant(s) limits.

Social gatherings in Graduate and Family Housing (GFH) living units, where Alcoholic Beverages are present, may occur so long as all other policies within these Standards are adhered to, they are not disruptive to the community, and do not pose a health and safety concern.

Social gatherings in designated GFH community spaces where Alcoholic Beverages are present, may not exceed the posted room capacity or 18 participants, whichever is smaller. For gatherings larger than 18 participants, the host must reserve a space through the GFH online reservation portal and follow [UC San Diego event](#) and permitting policies. This includes events hosted by student organizations or groups.

e. **Over 21**

Residents who are twenty-one (21) or older and their guest(s) and/or additional occupant(s) who are twenty-one (21) or older may possess and/or consume Alcoholic Beverages in the resident's contracted apartment space and specific GFH [Community spaces](#) as designated by the Associate Vice Chancellor – Housing Dining Hospitality or their designee so long as they are complying with federal law, state law, and all other University policies. Manufacturing or providing Alcoholic Beverages to those under the age of 21 is prohibited.

f. **Public Consumption**

The consumption of Alcoholic Beverages may not occur in public areas in residential facilities, except for balconies or patio spaces attached to a 21 year or older resident's unit in GFH, designated reservable GFH community spaces, or a residential pub/restaurant.

g. **Pubs/Restaurants**

Residents consuming Alcoholic Beverages purchased from a pub or restaurant in any campus residential community (e.g., Mesa Nueva Pub, North Torrey Pines Living-Learning Neighborhood) must follow all applicable federal, state, local, and University, and regulations relating to the facility operator's alcohol license. No outside Alcohol Beverages are permitted in these licensed areas. No open Alcoholic Beverages purchased from these facilities may be taken outside of the licensed areas.

h. **Roommates/Suitemates**

Residents who are under twenty-one (21) and who have roommates or suitemates who are twenty-one (21) or over may be present in their residence when their roommate or suitemate is consuming Alcoholic Beverages but may neither consume nor possess any Alcohol Beverages at any time.

i. **Under twenty-one (21)**

Federal law, state law, San Diego municipal ordinance, and University policies prohibit persons under the age of twenty-one (21) from consuming, possessing, soliciting, procuring, selling, or manufacturing Alcoholic Beverages at any time. Persons under the age of twenty-one (21) in the presence of Alcoholic Beverages with or without objective signs of intoxication may be in violation of these Community Standards. Alcoholic Beverage possession or consumption which can be detected from outside the room/suite/apartment will result in further inquiry and may be a violation of these Community Standards.

2. Business

Students are prohibited from conducting business or commercial enterprises using any HDH owned or operated facilities, equipment, or services. Except for food delivery, no resident may contract any vendor for services in the residential facilities without the prior approval of the applicable undergraduate Residential Life Office or GFH Office. This standard also prohibits residents from renting or leasing their contracted space in undergraduate housing.

3. Campus Card

UC San Diego students must carry their Campus Card (i.e., UC San Diego student identification), provide it upon request to University Officials, and comply with the *Campus Card Terms and Conditions*. All other persons must be in possession of and present valid photo identification to University Officials upon request. Persons who fail to provide appropriate identification may be required to leave the applicable residential area.

4. Child Welfare/Care of Minors

Residents, and not the University, are responsible for supervising their children or children in their care (i.e., individuals under 18 years old) to prevent harm to them or to other individuals or damage to property.

5. Controlled Substances

Federal law, California state law, and University policy prohibits the unlawful possession, solicitation, procurement, sale, consumption, or manufacture of narcotics or controlled substances. Cannabis and cannabis products containing tetrahydrocannabinol and/or cannabidiol are prohibited in HDH facilities. In addition, the following standards apply:

- a. Possession or consumption of controlled substances that can be detected from outside the room/suite/apartment will result in further inquiry and may be a violation of these Community Standards.

Microwaves must be 750 watts or less and refrigerators must be 5.0 cubic feet or less. Heat producing cooking appliances (e.g., toasters, electric grills, air fryers, water boilers, coffee makers, rice cookers) must be used in kitchen areas only. Portable or installed air conditioning or heating units are prohibited.

b. Burned Food

Burned food may activate the building fire alarm. The resident responsible may be financially liable for any associated costs.

c. Causing a Fire

Residents may not cause a fire to start for any reason, whether the cause was intentional or by accident. The resident responsible may be financially liable for any associated costs.

d. Extension cords and power strips

All extension cords and/or power strips must have the following characteristics:

- ii. UL Listing;
- iii. Plugged directly into a wall outlet (not another extension cord or power strip);
- iv. Adequately sized to handle the load; and

- v. Circuited and have an on/off switch (power strips).

Extension cords may only be used on a temporary basis and not as a substitute for permanent wiring. A power strip with a built-in breaker may be used in place of an extension cord for low-draw appliances (generally 600 watts or less). Examples of low wattage appliances that can be used with power strips include, but are not limited to, laptop computers (40W-120W), 25" televisions (150W), clock radios (7W), gaming consoles (195W) and curling irons (90W). Multi-plug, non-circuited, adaptors and extension cords are not allowed.

Flexible wiring (e.g., circuited power strips and extension cords) may not be extended through walls, ceilings, floors, under doors or floor coverings, or be subject to environmental or physical damage. Wiring including, but not limited to, electrical, telephone, cable, or computer wiring, from apartment to apartment or from room to room is prohibited.

i. **Fire Doors**

Residents must not bypass or disable safety design features by obstructing, propping, or blocking doors and/or latches.

8. Guests and Additional Occupants

A resident is defined as the UC San Diego-affiliated person contracted to live in University housing, or primary resident. An additional occupant is defined as the person(s) contracted to live in a Graduate and Family Housing space with the resident. A guest is defined as anyone not contracted to live in the residential space being visited (e.g., individual room, suite, and/or apartment). During special events (e.g., the Sun God Festival) or unique circumstances (e.g., public health concerns), additional restrictions may be implemented for guest(s) and additional occupant(s).

- a. Restrictions may be placed on guest visitation to mitigate the risks associated with public health concerns (e.g., COVID-19), except for necessary care givers. These restrictions may be more conservative than the orders issued by the County, State, or Federal Health Officer, and may consider the orders in addition to guidance concerning Institutions of Higher Education, federal, state, and local law, or University policy.

9. Health and Safety

Students present in University owned, operated or leased facilities must not engage in conduct threatening the health or safety of any person, and must comply with any enhanced guidance imposed to mitigate the risks associated with public health concerns (e.g., physical distancing, masking, sequestration, isolation housing). These restrictions may be more conservative than the Orders issued by county, state, or federal health officials and may consider the orders in addition to guidance concerning institutions of Higher Education, federal, state, and local law, or University policy. For applicable requirements, please refer to the Student Compliance website (studentcovidcompliance.ucsd.edu)

10. Living Space Agreement

Undergraduates residing in Single Undergraduate Housing are required to complete a “Living Space Agreement” (Agreement) with their on-campus housing roommates or apartment mates within the first four weeks of moving into their contracted space. Agreements are facility-specific and designed to facilitate discussion and compromise around issues of individual preference. Stipulations in the Agreement supplement these Standards. In any conflict between the terms of an Agreement and these Standards, the Standards will prevail.

When there is interpersonal conflict, residents are expected to review and revise their Agreement and consult with their Resident Assistant or House Advisor as needed. An Agreement must be completed each time there is a change in contracted occupants of a room, suite, or apartment and will be due within four weeks of that change becoming effective. It is the responsibility of each resident to complete the Agreement. Resident Assistants or House Advisors can facilitate Agreements upon request.

11. Micro Transportation Devices

- d. Bicycles, scooters, skateboards, roller skates, or roller blades may not block entrances, exits, or sidewalks around residential facilities.
- e. Residents may not use their room and its utilities to charge any micro-mobility

device (such as an e-scooter) that is owned by someone other than Resident in exchange for compensation received by Resident.

- f. Performing tricks on bicycles, scooters, skateboards, roller skates, or roller blades is prohibited in or around all residential facilities.

12. Noise

All residents, additional occupants, and guests are expected to be considerate of noise levels at all times. Noise including, but not limited to, voices, amplified music, televisions, musical instruments, and computers must be maintained at a level that does not disturb others.

b. Courtesy Quiet Hours

Any student resident may ask any other student resident(s), guest(s) and/or additional occupant(s) to cease making noise that is disruptive to study or sleep at any time. Failure to comply with requests may be a violation of these Community Standards. Student residents are expected to directly request, if the situation allows, that other student resident(s), guest(s) and/or additional occupant(s) cease any activity hampering their ability to study or sleep. Student resident(s), guest(s) and/or additional occupant(s) are required to self-monitor noise that may disrupt the study or sleep of others at any time. It is not acceptable to assume that a noise level is appropriate until someone complains about it.

13. Posting/Solicitation

All posting, distribution, or solicitation in the public areas of HDH facilities, including residential restaurants and market services must be approved by the office responsible for the specific facility. Refer to the applicable residential area's standards and University policy (PPM 510-1 IX) for further detail.

Posting on exterior balconies, porches, or railings of apartment rooms is prohibited. Postings inside bedrooms or on the inside of exterior-facing bedroom windows or doors may not interfere with the operation of doors or windows or otherwise endanger health or safety. Posting of material in common areas of apartments not open to the general public is permitted if none of the residents of adjoining
